

## **Notice to All Parents and Guardians**

Patient Representatives, Parents and Guardians please read this notice carefully. We update our patient paperwork on a routine basis to make sure all of our information is current. These forms can only be signed by a Patient of Legal Adult Age (18), Parents, or Legal Guardians. If your child has an upcoming appointment, and you cannot be present during that appointment, please give our office a call in advance to make sure there are no updated forms that need to be signed. If we do not hear from you in advance and there are forms that need to be signed, we may need to reschedule this appointment at a time when you can be present. Thank you!
